

VINYL-GUARD

SUPERIOR TREATMENT and PROTECTION

Vinyl-Guard penetrates on a nano level, anchoring itself to repel dirt, water and resist most stains (including tree sap) while revitalizing and restoring to leave original bright, fresh colour finish with superior UV protection. Provides loooong-lasting durable protection for vinyl, finished leather, plastic, acrylic, rubber, PVC, polyurethane, polyester and hypalon on boats, water toys, awnings, pop-up trailers and convertible car tops. Unique, environmentally friendly formula is resistant to most cleaners and dries to a clear, non-slippery finish with no oily or greasy residue. Mould-Tek Blocker additive blocks stains due to mould and mildew.

DIRECTIONS: Clean surface with Aqua-Tek Easy Clean to remove dirt and oils. Shake Vinyl-Guard well before use. Spray on cool, dry surface and spread evenly with a clean cloth. Allow to dry. Apply a second coat if first coat is absorbed completely. Applying at least 3 times per season (Spring, mid-Summer and before Winter storage) will provide optimal protection. Keep from freezing.
